● ABOUT ME

I am a Full-Stack developer based in Addis Ababa, Ethiopia. I graduated with a BSc degree in Electrical and Computer Engineering from Addis Ababa University. I'm passionate about creating beautiful, functional, and user-friendly applications, and I'm constantly pushing myself to learn and grow as a developer.

● PROFESSIONAL WORK EXPERIENCE

21/02/2025 – 29/08/2025

HADDIS ART

- Collaborated with cross-functional teams to design, develop, and deploy governmental projects.
- Completed several small tasks with deadlines, which let me adapt to working under a tight deadline and learn how to divide/prioritize tasks.
- Designed and implemented mobile-first, user-friendly UI designs for responsible and accessible websites.
- Manage large-scale software deployments including testing features and fixing code issues.
- Propose improvements to code organization to improve code quality and overall performance.
- Debugged complex issues across the UI, API, and database using logs and dev-tools.

01/09/2024 – 15/02/2025

BIRITU SAVING & CREDIT COOP

- Wrote easy-to-understand, documented API for the mobile app using Postman Collections.
- Involved in all phases of the Software Development Life Cycle, including user interface, API development, deployment, and mobile application development
- Develop an easy-to-use and optimized administration dashboard for administrators.
- Launched cross platform mobile application of Biritu using React Native.

01/2023 – 30/07/2024

POOL TAXI

- Built integrations for appropriate map services, SMS services, and payment gateways.
- Worked directly with the headquarters located in Nairobi, Kenya, using remote development technologies.
- Integrated core features like achievements, spin and win lottery system, backup system
- Improved product speed and quality by revising and refactoring code written by less experienced developers.
- managed large-scale software deployments to AWS and GCP, including testing features and correcting code
- Mentored internships, providing guidance on coding practices, design, and API development.

01/2022 – 09/2022

MADOT TECHNOLOGY

- Debugged complex issues across the UI, API, and database layers using logs, monitoring tools, and dev-tools.
- Collaborated with cross-functional teams to design, develop, and deploy an app to the cloud.
- Contributed to the development of Logistics System and Lideta Health Science College website, with UI improvement and API development.
- Develop and maintain user interfaces using modern frameworks like React.js, Vue.js, Bootstrap and Tailwindcss.
- Designed and optimized database schemas, queries, and data models.

06/2021 – 12/2021

BOTAYE DATA SCIENCE

- Gathered, documented, and maintained software requirements throughout the project lifecycle.
- Converted design prototypes created in Figma into functional, dynamic web components using React and Tailwindcss.

- Designed and implemented backend features, including authentication, authorization and database architecture of application.
- Diagnosed and resolved application issues by analyzing logs, debugging components, and identifying root causes.

● FRONTEND AND MOBILE DEVELOPMENT

React • Next.js • Vue • Nuxt.js • Tailwind CSS • Bootstrap • React Native • Flutter

● BACKEND DEVELOPMENT

Laravel • Node.js • Express.js • NestJS • Firebase • REST APIs • GraphQL

● DEVOPS AND CLOUD

DevOps and Cloud

- **Testing:** Vitest, Jest, Cypress, PHPUnit
- **Web Servers:** Apache, Nginx
- **Deployment & Hosting:** CPanel, VPS, Digital Ocean, AWS, GCP
- **CI/CD:** GitHub Actions
- **Containerization & Orchestration:** Docker

● PROJECTS

Projects Completed and Contributed To

- Doctor and Hospital Rating system
- Video sharing Application
- Ecommerce Application
- Lideta Health science College Website
- Logistics System
- Ride Hailing Application
- Digital Saving System
- Union Academy Website

● EDUCATION AND TRAINING

BSC DEGREE Addis Ababa University

Field of study Electrical and Computer Engineering(Computer Stream)

● SOFT SKILLS

Core Strengths

- Ability to write clean, efficient and documented code
- Excellent problem-solving and analytical skills
- Effective communication skill and team collaboration
- Strong commitment to continuous learning and professional growth
