● ABOUT ME

I am a Full-Stack developer based in Addis Ababa, Ethiopia. I graduated with a BSc degree in Electrical and Computer Engineering from Addis Ababa University. I'm passionate about creating beautiful, functional, and user-friendly applications, and I'm constantly pushing myself to learn and grow as a developer.

● PROFESSIONAL WORK EXPERIENCE

21/02/2025 – 29/08/2025

HADDIS ART

- Complete detailed programming and development tasks for front-end as well as challenging back-end server code.
- Completed several small tasks with deadlines, which let me adapt to working under a tight deadline and learn how to divide/prioritize tasks.
- Designed and implemented mobile-first, user-friendly UI designs for responsible and accessible websites.
- Orchestrate efficient large-scale software deployments, including testing features and correcting code.
- Propose improvements to code organization to improve code quality and overall performance.
- Meet with the project manager and team members to provide detailed project reports and milestone updates

01/09/2024 – 15/02/2025

BIRITU SAVING & CREDIT COOP

- Contributed ideas and suggestions in team meetings and delivered updates on deadlines, designs, and enhancements.
- Involved in all phases of the Software Development Life Cycle, including user interface, API development, deployment, and mobile application development
- Develop an easy-to-use and optimized administration dashboard for administrators.
- Provided a documented API for the mobile application team to use.
- Completed several small tasks with deadlines which let me adapt to working under a tight deadline and how to divide/prioritize tasks

01/2023 – 30/07/2024

POOL TAXI

- Built integrations for appropriate map services, SMS services, and payment systems.
- Wrote easy-to-understand, structured documentation for the open-source community with easy-to-use tools such as Postman Collections.
- Worked directly with the headquarters located in Nairobi, Kenya, using remote development technologies
- Improved product speed and quality by revising and refactoring code written by less experienced developers.
- managed large-scale software deployments to AWS and GCP, including testing features and correcting code
- Provided guidance and mentorship to interns.

01/2022 – 09/2022

MADOT TECHNOLOGY

- Led the development and architectural design of a complex web application implementing scalable and maintainable backend architecture.
- Actively contributed to the company's engineering culture by sharing knowledge, delivering tech talks during weekly dev-team retrospectives, and organizing internal workshops or training sessions.
- Collaborated with cross-functional teams to design, develop, and deploy an app with integrations on various platforms, resulting in a successful launch of the product.
- Contributed to the development of logistics system and health management system, with development, database design, UI improvement, and requirement gathering.

- Prepared reports on programming project specifications, activities, or status.
- Conferred with project managers to obtain information on limitations or capabilities.
- Directing software programming and documentation development.
- Implemented UI designs for responsive and accessible websites

● **FRONTEND STACK**

React Next Vue Nuxt Bootstrap Tailwindcss

● **BACKEND STACK**

Laravel NodeJs Express NestJs Firebase GRAPHQL

● **MOBILE AND DESKTOP APP DEVELOPMENT**

Flutter React Native

● **DEVOPS AND CLOUD**

DevOps and Cloud

- Unit and Integration testing(Jest Cypress Phpunit)
- Web server(Apache Nginx)
- Deployment(Cpanel VPS Digital Ocean AWS GCP)
- Containerization(Docker Kubernetes)

● **PROJECTS**

Projects done | participated

- Video sharing Application
- Doctor and Hospital Management system
- Ecommerce Application
- Social media Platform
- Lideta Health science College Website
- Logistics System
- Ride Hailing System

● **EDUCATION AND TRAINING**

BSC DEGREE Addis Ababa University

Field of study Electrical and Computer Engineering

● **SOFT SKILLS**

Core Strengths

- Ability to write clean, efficient and documented code
- Excellent problem-solving and analytical skills
- Effective communication skill and team collaboration
- Strong commitment to continuous learning and professional growth
